This security backpack offers standard features which include a zippered main compartment that holds up to a 15" laptop as well as a separate padded compartment for your iPad or tablet. Large front zippered pocket has organizational features that include a key fob and hidden zippered RFID blocking pocket to protect against identity theft of your credit cards and passport. Front vertical zipper is designed for quick access to the front pocket. Additional storage with two side pockets. Adjustable, padded backpack straps with webbing details that add functionality so you can clip on whatever else you need. Carry handle and trolley sleeve all for easier travel.
