

LEFROY

ECO SOFTSHELL JACKET

M **TM19351** (S - 3XL)

W **TM99351** (XS - 2XL)

Meet the Lefroy Eco Softshell Jacket, the ultimate lightweight transitional jacket for everyday use. With recycled polyester fabric, plus recycled zippers and trims all certified by the Global Recycled Standard (GRS), it's as sustainable as it is stylish. The Lefroy is water-resistant, breathable and features a PFC-free water-repellent finish, which means no perfluorinated chemicals were used to treat the garment. The jacket's hood features an elastic drawcord and exterior cordlocks to help keep cold air out. It also has articulated elbows and ergonomic sleeves let you move your arms freely, and the women's styling features shaped seams and a tapered waist to deliver a better fit. Best of all, through a partnership with 1% For The Planet, one percent of sales are donated to environmental nonprofits.
