The Kyes Eco Packable Insulated Jacket is made with 52% recycled nylon, so it's as eco-friendly as it is stylish. It's wind and water-resistant with elasticized cuffs to help keep cold air out. On top of providing lightweight warmth and weather protection, it packs away into the included stuff sack, which doubles as a travel pillow. A No Contact Keychain is built into a zippered pocket, letting you use door handles, ATM keypads and elevator buttons without touching them.
