

# JORIS VEST

ECO SOFTSHELL VEST

M **TM12505** ( S - 3XL )

W **TM92505** ( XS - 2XL )

The eco-friendly Joris Eco Softshell Vest is made with recycled polyester, recycled zippers and recycled pinch labels – all certified by the Global Recycled Standard (GRS) – providing a look that's as sustainable as it is stylish. The brushed fleece interior delivers next-level comfort, and the waterproof, breathable three-layer construction and water-repellent finish make it a versatile layering piece. It's loaded with functional features, like brushed tricot lined pockets for extra comfort and zippered pockets to keep your valuables safe – plus an interior pocket with hook-and-loop closure. Yep, the Joris has it all. It's made with the same comfy, sustainable fabric as our Joris Eco Softshell Jacket. As a bonus, it comes in a fully biodegradable polybag! One percent of all Eco sales are donated to environmental nonprofits through a partnership with 1% For The Planet.
