

SMOKIN' BUDS®

TRUE WIRELESS EARBUDS

On the road to high-tech, feature-packed earbuds, some manufacturers have forgotten what people really want — full, clear sound. We haven't. That's the reason for Smokin' Buds. Sure, they come with touch controls, EQ modes and a mic in each earbud. But the priority is big, clean sound and lots of it.

BIG SOUND AND NOTHING BUT.

KEY SELLING POINTS

SUPREME SOUND™

Smokin' Buds feature drivers that have been selected and expertly tuned, plus EQ modes that deliver the best audio quality for music, movies or podcasts. A microphone in each bud makes it possible to use either one solo. Smokin' Buds also come with ovalized ear inserts for a comfortable, noise-isolating fit.

- Premium audio quality
- Microphone in each earbud
- Noise-isolating fit
- Music, movie & podcast EQ modes

SIMPLIFY YOUR LISTENING™

Smokin' Buds automatically turn on and connect to the most recently paired device every time they're removed from the charging case. Touch controls also allow you to activate your device's native voice assistant. Plus, Smokin' Buds feature Bluetooth 5.1 for reliable, battery-efficient connectivity.

- True wireless via Bluetooth® 5.1
- Call, track & volume touch controls
- Activate voice assistant

FEARLESS USE™

Smokin' Buds feature 20+ hours of battery — that's 8 hours in the buds and 12 hours in the case — plus Rapid Charge. Smokin' Buds also boast IPX4 sweat- and water-resistance, so they can handle extra-sweaty workouts and unexpected storms.

- 20+ hours total battery
 - 8 hours in the bud
 - 12 hours in the case
- Rapid Charge (10 min = 2 hrs)
- IPX4 sweat- and water-resistant

SUSTAINABLE LIFECYCLE™

At Skullcandy, we're passionate about the environment and we're working hard to make every new product more environmentally friendly. Smokin' Buds are made with up to 50% renewable plastics and every Skullcandy product uses 100% recyclable packaging.

- Reduced part count
- Made from 50% certified renewable plastics
- 100% recyclable packaging
