Thoughtfully Designed

Hugger Bags are designed to stand up and stay open for easy filling, cleaning and drying, and the bags easily press close to seal — no more broken zips and zippers.

Premium, Nontoxic Materials

100% Platinum silicone is less flimsy than other brands and ideal for food as it's non-toxic and 100% BPA, plastic and latex free.

A Brand On A Mission

As a women-owned Certified B Corporation, Food Huggers uses their business as a force for good by balancing profit and purpose, empowering female entrepreneurs while making a difference in their industry.
