High Sierra Trail Grip Magnetic Outdoor Speaker

Instruction Manual

Whats Included:

- 1x High Sierra Trail Grip Magnetic Outdoor Speaker
- 1x Type-C to Type-C Charging Cable

Functions:

1. Power On/Off Button
2. Bluetooth LED Indicator
3. Vol - / Previous Track Button
4. Play/Pause, Answer/End/Reject Call Button
5. Microphone
6. Vol + / Next Track Button
7. Charging LED Indicator
8. Type-C Charging Port
9. Magnets
10. Clip & Handle

Tech Specifications:

1. Bluetooth Version: 6.0
2. Pairing Name: "High Sierra Outdoor Speaker"
3. Charging Time: 2 to 3 Hours
4. Playing Time at Max Volume: Up to 6 Hours
5. Battery Capacity: 3.7V / 3000mAh
6. Charging Input: 5V / 800mA
7. Speaker Output: 2 x 10W
8. Waterproof Rating: IPX6

Instructions:

(Be sure to fully charge the speaker before using for the first time)

1. Charging the Speaker:

- Connect the charging cable to a Type-C power source and to the Type-C charging port(8) on the speaker.
- The charging LED indicator(7) will glow RED while charging and turn off once fully charged.
- When the speaker is low on power, a tone will sound to indicate it needs to be recharged.

2. Bluetooth® Setup:

- Press and hold the power button(1) to turn the speaker on. The Bluetooth LED indicator(2) will flash BLUE and the speaker will tone to indicate Bluetooth standby mode.
- Turn on Bluetooth on your mobile device and select "**High Sierra Outdoor Speaker**" from the pairing list.
- The speaker will tone and the Bluetooth LED indicator(2) will glow solid BLUE once paired successfully.
- The speaker will automatically reconnect to a device it has paired with before.

- Press and hold the power button(1) to turn the speaker off.

****** If Bluetooth is disconnected for 5 minutes, the speaker will automatically turn off.

3. Music Controls:

- Press the Play/Pause button(4) once to play or pause music.
- Vol + button(6): Press briefly to increase volume. Press and hold to skip to the next track.
- Vol - button(3): Press briefly to decrease volume. Press and hold to skip to the previous track.

4. Calling:

- To answer a call, press the Play/Pause button(4) and press it again to end the call.
- Press and hold the Play/Pause button(4) to reject a call.

5. Built In Magnet:

- Use the built in magnets(9) to attach the speaker securely to metal surfaces such as golf carts or refrigerators.

Safety Precautions:

WARNING-When using this product, basic precautions should always be followed:

1. Read all the instructions before use.
2. Never store or use this product in temperatures below 32°F (0°C) or above 104°F (40°C).
3. The speaker will only achieve full performance after 2 to 3 complete charge and discharge cycles.
4. To reduce the risk of injury, close supervision is required when the product is used near children.
5. Do not expose the device to moisture.
6. Do not use the device beyond its rated output.
7. Overloaded output above the rated capacity may result in a risk of fire or injury.
8. Do not use the device if it is damaged or modified.
9. Damaged or modified batteries may behave unpredictably and result in fire, explosion, or risk of injury.
10. Do not disassemble the device. For repairs, contact a qualified service professional. Incorrect reassembly may result in a risk of fire or injury.
11. Do not expose the device to fire or excessive temperatures. Exposure to fire or temperatures above 104°F (40°C) may cause an explosion.
12. To ensure product safety, have the device serviced only by qualified professionals using identical replacement parts.
13. The strong magnetic field of the neodymium magnets can damage items such as televisions, computer monitors, credit cards, bank cards, computers, diskettes and other data carriers, video tapes, mechanical watches, hearing aids, loudspeakers, and VCRs. Pacemakers may be damaged or switched to "test mode" in the presence of a strong magnetic field. If a pacemaker or other electronic body implant is in use, keep a minimum distance of 3 feet.

FCC Statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

Warning:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note:

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment

the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC Radiation Exposure Statement:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC Statement:

This device contains licence-exempt transmitter(s)/ receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) L'appareil ne doit pas produire de brouillage;
- (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Radio Frequency Exposure Statement for IC: This equipment complies with IC exposure limits set forth for an uncontrolled environment. This equipment can be used in portable exposure conditions. Déclaration d'exposition aux radiofréquences pour IC: Cet équipement est conforme aux limites d'exposition IC établies pour un environnement non contrôlé. Cet équipement peut être utilisé dans des conditions d'exposition portables.

CAN ICES-3 (B) / NMB-3 (B)

This Class B digital apparatus complies with Canadian ICES-003.

(Cet appareil numérique de la Classe B conforme à la norme NMB-003 du Canada).
